

Pike County, Pennsylvania

I understand that Dingman Township is seeking support in constructing Phase 1-B of the DINGMAN TOWNSHIP PARK. Phase 1-B is intended to complement and complete the items under construction in Phase 1-A (ballfields and infrastructure) by completing the football field, constructing a Restroom/Concession/Pavillion building and two playgrounds, and installing a sewage system to service the building.

I would like to extend my support to this project by making the following Pledge in the event adequate funding can be secured to complete the project.
